Notice Of Out Of Network Insurance Provider

Dear Patient,

Please be aware that we are out of network for all dental insurance carriers.

Therefore, you are expected to pay our office, in full, at the time of services rendered.

However, we will aid you with the claims submissions process, so that you will be directly reimbursed by your insurance carrier, as per your contractual agreement with them.

Predetermination of benefits is a helpful tool in determining what out pocket expenses you will incur, and it is filed routinely for more extensive and expensive treatments.

In any event, your arrangement with your insurance carrier is an agreement between you and them. Not with our office.

Our agreement with you is to provide the best care possible, regardless of the insurance carrier's technical and financial limitations of your policy.

Thank You
